Theft - second offense	\$750

The CBRM Water offers the following incentives to help

**Low flow toilet rebate program**

Residential customers can receive a \$50.00 credit on their water bill for the installation of a 6 litre flush toilet. Offer is limited to one rebate per customer.

Contact our ecopartner ACAP Cape Breton for details.

**Meter Replacement Charges**

In case where a water meter has been damaged due to freezing or negligence, the Utility may charge replacement costs. Such costs are dependent on the size of the meter

**Example Residential Bill**

quarterly / every three months

Base Charge:	62.25
Consumption Rate:	1.67
average consumption:	64 m3
Consumption Charge	100.20
Total	\$162.45

Note: this example is for an average residential water bill. Customers who conserve or consume water at a rate lower than the average will have a lower quarterly bill.
